Welcome to Dr. Caleb Harvie and Dr. Frank Noronha who have joined our Zest family.

Caleb completed his Bachelor of Health Sciences/ Masters of Dentistry at Latrobe University. He is committed to providing exceptional quality patient care, developing long term patient relationships, and providing the best service to the community. A born and bred country boy, Caleb grew up in Mildura and enjoys tinkering with electronics, cooking (spicy foods) and going to church.

Frank completed his Bachelor of Dental Science at the University of Melbourne in 1990 and has worked extensively across Victoria in both private and public practices in the last 30 years. He was the practice principle dentist in multiple successful private practices across metropolitan and regional Victoria. Frank's passion in dentistry is orthodontics, in both traditional fixed braces, as well as clear aligners and early childhood interceptive orthopaedics. Fluent in Cantonese and Mandarin, Frank was born in Hong Kong and migrated to Melbourne in the late 70's. He enjoys travel and experiencing the food and culture of other countries, catching a good movie and driving along the beautiful roads of Australia.

Please take note of the "No Standing" signs in McKay Court.
